EXPLAINS PROCEDURE FOR SALVAGE OF WASTE MATERIALS

Major R. E. Baggs of the Salvation Army, who is in charge of the Salvage for Victory campaign in this area, announced today that he is well satisfied with the progress of the campaign to date. There are some rough edges to be smoothed off, he said, and then everything will be functioning properly.

Speaking before the Narberth Woman's Club on Tuesday the supervisor gave an object lesson in the preparation of waste paper. He showed how a pile of cardboard boxes, similar to those found in any Main Line home in the course of a week, could be reduced from a height of 14 inches to only one and a half inches in height.

Space in the trucks of all the salvaging agencies is limited and therefore all cartons and cardboard boxes must be broken down and tied together.

Newspapers should be piled separately and tied together. Rubber and metal of all kinds should be kept in separate piles and bagged in different bags.

Scrap paper is the bugaboo of all collectors, Major Baggs declared; however, it must be salvaged because it is vitally important to the winning of the war. It should be clean scrap and should not contain any meaty substance nor broken glass or tin cans. Then it should be packed tightly into paper or burlap bags ready to carry to the trucks.

All paper, rubber, metal, old clothing, rags and furniture should be saved. The Salvation Army trucks make regular stops at all Main Line communities. Mrs. G. E. Kershaw in the Council of Defense office in the Township Building, Ardmore, will furnish information concerning the dates for collection in the various boroughs. The Philadelphia office phone number is Manayunk 3340. A call to this number or to Mrs. Kershaw, at Ardmore 3700, will bring the Red Shield truck to your home on its regular trip. Within 48 hours after your salvaged material is picked up by the Salvation Army truck that material is being converted into munitions or supplies.

Blackouts May Be Ordered Any Time

Smith Warns Residents To Prepare Refuge Rooms

"All citizens should note seriously the possibility of extended blackouts and the need for properly and permanently preparing windows, doors and refuge rooms as given in the blackout regulations recently distributed," Dr. Howard Wayne Smith, executive director of the Council of Defense, said Tuesday in a warning to the residents of Lower Merion Township.

Great importance is being attached to these precautionary measures by Defense headquarters following an important communication from the State Council of Defense. In it, Brigadier General John C. McDonnell, commanding First Interceptor Command, New York City, is quoted as saying, "Orders for blackout will be issued by Interceptor Regional Headquarters through Information and Filter Centers to District Warning Centers. Blackouts may be ordered at any time. The Civil Air Raid Warning equipment will be used for disseminating such orders."

Further clarification of these instructions by Major Sharon T. McCloskey, assistant director of the Third Civilian Defense Region, state that "A blackout may be desired by the Army at such a time when there is no knowledge by them of any particular area about to be raided, but they have knowledge of an enemy known to be in a position to raid a general area. In other words, a general area may be blacked out by the Army hours, or even days, before the raiding objective of an approaching enemy can be determined."

Ninth District of the American Legion last week adopted another resolution urging immediate action on the erection of a veterans' hospital.

Appointment of two deputy mercantile appraisers in Montgomery County, as assistants to Mercantile Appraiser Miss Maude K. Kneule, Pennsylvania, was announced by Auditor General F. Clair Ross.

Henry Rhoads, 50 Jenkins av., Lansdale, is a new appointee, taking the place of Anthony Durante, West Manayunk, who now is a transcriber at the Court House.

Nadia Boulanger, eminent French musician now living in the United States, will speak in the Music Room of Goodhart Hall, Bryn Mawr College on February 22, at 8 p.m. Her subject, which she will illustrate on the piano, will be "Some Aspects of Twentieth Century French Music."

A Chevalier of the Legion of Honour for eminence in music, Mlle. Boulanger was the first woman ever to conduct the Royal Philharmonic Society of London, and the Boston Symphony.

She is lecturing at Bryn Mawr under the auspices of the Entertainment Committee of the Deanery.

Miss Janet Mitchell, graduate of the 1938 class at Lower Merion, was appointed to replace Miss Betty Jane Carter in the office of the Ardmore Avenue School. Miss Mitchell lives at 401 Lancaster Ave., Haverford.

Another Lower Merion graduate, Miss Martha Boudier, 224 Edgemont Ave., Ardmore, was appointed to replace Miss Esther Clark in the office of the Penn Wynne School.

John H. Hentosh has been appointed to the maintenance crew.

An unscheduled visit of United States Senator James J. Davis to the Norristown Court House last Saturday, has started considerable speculation among the County's political observers in connection with the coming fight for governor.

Senator Davis later announced his candidacy for the Governorship in Pittsburgh and the attention he received Saturday from the powers that be in Montgomery County are indicative he may find major support here.

Narberth Sets Scoring Mark: Appears Sure of Playoff Spot

As the field swings into the final three weeks of play in the Main Line Basketball League, the four teams which will fight for the title in the playoffs are just about determined but the winner of the first place prize is still very much in doubt.

Upper Darby, holding first place at this writing by a slim half-game, Brookline's defending champions who made a remarkable comeback in the last two weeks to climb from fifth to second place; Yeadon and Narberth, who have held the lead at various times during the season and who are now tied for third place, appear safe bets for the playoffs. They're all at the peak of their games at the moment.

Borough Tops Campaign Quota

Director of United Charities Drive Thanks Contributors

Narberth contributed \$2496.80 to the United Charities Campaign, exceeding its quota of \$2200 by nearly \$300. It was announced this week by Mrs. Robert P. Wetherald, campaign director in the Borough.

"To the citizens of Narberth and to the 147 captains and solicitors who made this gratifying record possible go the thanks and recognition of the entire United Charities organization and of the whole metropolitan area which it serves," said Mrs. Wetherald.

Narberth did its full share, and more, she pointed out, through the campaign to safeguard the health of the community, to protect the destitute, to provide recreation and citizenship training for youth.

"Citizens of the community realized that a war year was no time to abandon these safeguards and through their generosity and effort made sure that the work of the organizations depending on the United Charities would be carried on."

ment and their mad scramble for first place promises fireworks galore in the home stretch.

Upper Darby and Yeadon will be the first of the leaders to clash head on, being slated to open the usual Monday doubleheader at Haverford High School. While they are cutting each other's throat, Brookline will endeavor to better its position at the expense of Berwyn in the nightcap. On Wednesday the scene shifts to Yeadon where Brookline will challenge the Kiwanis passers in the windup of a twinnbill which will have Narberth and Clifton Heights as the principals in the opener.

Upper Darby had a seven-game winning streak smashed Wednesday by the hot-and-cold Clifton Heights club which had one of its 'on' nights and easily subdued the leaders by the surprising score of 63-39. This rout came after Upper Darby had nosed out Yeadon, 39-37, in a thriller on the latter's floor Monday. Clifton was on the rebound from a 42-41 upset defeat at the hands of Earlington Men's Club of Ardmore. Franny Boucher, veteran Ardmore star, just about ruined Clifton's playoff hopes when he tossed in a one-handed shot in.

Health Campaign Is Started Here

Program Planned in Line with Roosevelt's Proclamation

As a means of strengthening our first line of defense by emphasizing child health Mrs. C. Arley Farmer, chairman of the Public Welfare Committee of the Narberth Woman's Community Club, has announced the beginning of a vital health campaign for Narberth.

This essential program is planned in compliance with President Roosevelt's proclamation in which he set aside May 1 as Child Health Day. The proclamation reads as follows:

"Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, in recognition of the vital importance of the health of children to the strength of the Nation, do hereby designate the first day of May of this year as Child Health Day."

"And I call upon the people in each of our communities to contribute to the conservation of child health and the reduction of illness among children by exerting every effort to the end that before May Day, child health day, children over nine months of age be immunized against diphtheria and smallpox, the two diseases for which we have the surest means of prevention."

Edith W. Unruh R.N., Narberth's public health nurse, has already initiated this health program by a talk to the Italian-American Civic Citizens Association on Thursday, February 12. Miss Unruh will also speak to the women's organizations of all the churches and other civic groups on maintaining adequate health standards for wartime.

4000 Registered By Draft Boards

20 Defense Council Volunteers Assist in Work

The two Montgomery County draft boards on the Main Line registered approximately 4000 men for military service last Monday.

County Board No. 4, with headquarters at Bryn Mawr, announced that 1497 men registered there yesterday.

Board No. 3, with headquarters at Narberth, had not completed its official count, but officials estimated that approximately 2,100 or 2,200 men registered.

This board reported an unusual incident when Miss Marie Roberts, 231 Church Road, Ardmore, registered her father, Fred J. Roberts, 43.

Twenty volunteers listed with the Council of Defense of Lower Merion Township assisted local Selective Service Draft Boards in their task of registering men of the new age group Monday, February 16.

At the request of the Draft Board, the workers were assigned to centers in Bryn Mawr, Bala and West Manayunk where they helped regular members of the Boards handle the rush of questionnaires.

Those assisting were the Rev. Charles A. Elliott, Mrs. W. E. Fowkes, the Rev. Allen C. Kaninger, the Rev. Richard T. Lyford, Miss Marjorie N. McCoy, L. W. Perkins, Mr. and Mrs. William O. Sandford, Mrs. C. de V. Miller, Mrs. Ruth Criswell, Mrs. Amy P. Lawson, Mrs. William D. Sutcliffe, Mrs. J. Harkey Reiter, Mrs. Ida Farley, Mrs. Clark G. Boyton, Mrs. Charles B. DeVaux, Miss Alice Hawkins, Dr. Edward D. Snyder, Mrs. Anna Croll and Miss Edna C. Wagar.

Manoa Man Fined For Failure To Observe Blackout

Frank Hendrickson, electrical contractor, of 232 Fairlamb av., Westgate Hills, Manoa, was fined \$25 on Tuesday night by Justice of the Peace Edwin Lynch for violation of the blackout on February 3.

It was the first case of the kind in the suburbs.

Hendrickson, who was unable to attend the hearing, was represented by his sister, Miss Anna Hendrickson, who explained that the sudden serious illness of their mother, Mrs. Frank Hendrickson, Sr., necessitated the light during part of the blackout and that in the confusion of the sudden illness, no coverings for the windows of the sick-room had been prepared.

Lynch and the township's chief Air Raid Warden, Lieutenant James Hartness, explained that due to the gravity of the situation, no exceptions could be made.

Mind Is Topic

"Mind" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 22. The Golden Text is:

"The Lord is a God of knowledge, and by his actions are weighed" (I. Samuel 2:3).

Rumor Lowmes May Run for Assembly

Cadwalader Is Sending Out Feelers for Senate Post

Political rumors were abroad this week that Magistrate Walter B. Lowmes, Jr., Gladwyne, will be a candidate for the State Legislature in the Republican Spring primary.

Montgomery County sends five legislators to the House of Representatives at Harrisburg and the post for this section, the First Legislative District, is held by Lambert Cadwalader, also a Gladwyne resident.

Two years ago Cadwalader squeaked through the primary by such a narrow margin that the outcome was in doubt until the early morning hours brought returns from Upper Merion Township, which is part of the First District. Another qualifying circumstance that failed to add to Cadwalader's political stature, was that his opponent, S. Edgar Downs, former Lower Merion school superintendent, spent most of his campaigning time in Florida during the contest.

When confronted with the rumors Magistrate Lowmes had little comment to make.

"This is a matter for my friends to decide," he said.

Sectional political leaders, most of whom thought it was too early to hazard guesses, predicted that because of Gladwyne's past behavior at the polls it was a foregone conclusion that Magistrate Lowmes would receive solid backing in Gladwyne.

Lowmes, who has an office in Ardmore, won his nomination as candidate for magistrate in the Republican primary last September with ease. He was elected, without Democratic opposition, in November.

Although comparatively young, Lowmes' political strength has been enhanced during the two years he has held presidency of the Montgomery County Justice of the Peace Association. Following a consistent program for raising the ethical standards of the minor judiciary it was Magistrate Lowmes who framed a code of correct judicial procedure and established the first school for magistrates in Montgomery County.

Cadwalader, who is attending a special session of the State Legislature, could not be reached regarding his candidacy. Friends, however, said they doubted whether he was interested in returning to the Lower Legislative House as a candidate for the State Senate. The position of State Senator is held by Franklin Spencer-Edmonds, who, undoubtedly, will be a candidate again this year.

GOP Council Hears Discussion of Law

A discussion of "ordinary law for the ordinary person" was presented by James C. Cole, Norristown attorney, at a meeting of the Dr. Thomas Wynne Council of Republican Women Wednesday afternoon at Haverford Court Hotel, Haverford.

Among the topics touched on by the speaker were the safe way to make out checks, the proper manner of drawing up a will and the correct handling of property deeds. Tea was served following his address.

Court of Law Bows to Cupid

Accident Hearing Postponed to Permit Wedding

There was a wedding, as scheduled, in St. Matthias Catholic Church, Bala, Saturday morning because Magistrate John C. Morlock, "always ready to co-operate with Cupid," elected to lose a few hours' sleep Friday night.

Things looked black for Lieutenant John M. Grimsley, 28, of Evansville, Ind., and his bride-to-be, Miss Rebecca Ann Holt, 21, 124 E. Levering Mill rd., Cynwyd, when Grimsley's car collided with another at 8 p.m. at 17th and Locust sts. Mrs. Millie Diamond, mother of Miss Theresa Diamond, of 1642 S. 28th st., the other driver, was slightly injured.

The young officer, on leave from Camp Lee, Va., for the wedding, was told that he and Miss Holt would be required to be on hand Saturday morning at 10 for a hearing. He and his fiancée explained about the scheduled wedding, and the house sergeant began telephoning for a magistrate who might agree to an immediate hearing. A dozen calls drew blanks.

Magistrate Morlock was about to crawl into bed in his home at 1427 E. Duval st., when his phone rang. He listened to the story, and agreed to come to the 12th and Pine sts. station. He deferred the hearing until February 28.

Commended For School Health Program

Lower Merion has been commended for its school health program by the State Department of Health.

The letter was received from John W. German, chief of the Department's school division.

"Your district is to be commended," said German, "on the setup, not only as referring to the physician examination of school children and the follow up program, but also the control of communicable diseases."

CALLING THE TURN

by L. M. FORD

The entire Main Line sports world is abuzzing today over the interference goal which enabled Allentown High School to end Lower Merion's 25-game basketball winning streak. The incident, which took place on the upstate team's court, undoubtedly will become one of the most celebrated in Lower Merion history and will be argued and discussed for years to come.

The general impression of the fans who didn't travel upstate to see the game is that Lower Merion lost due to overzealous officiating. Those Main Line fans who were fortunate to be among the 2400 who squeezed into the Little Palestra very frankly admit "we wuz robbed."

Lower Merion lost the ball time and again for "running" and all observers agree that the foul which put Greer Heindel, veteran center out of the game at the start of the fourth period was very cheap. But all these breaks might have been overcome had it not been for the interference incident.

Allentown had only a one point lead with less than two minutes to play and Lower Merion was coming strong and the Canaries appeared to be faltering when the incident took place. Moon Haney, Allentown's clever, veteran forward, took a shot from side court and in going up in the air in an effort to deflect the shot Don Evans, Lower Merion's 6-foot-2 forward, touched the cords of the basket with his hand.

Haney's shot didn't fall true and when he touched the cords Evans didn't prevent the basket from being made. However, when he saw

BILL ANDERSON
he shrugs it off.

Evans' hand touch the cords, Referee Lisetski, of Northampton ruled it an Allentown field goal on interference.

The referee made this decision under Rule 14, Section 12 of the official basketball rules which reads: "A player shall not interfere with the ball or basket while the ball is on the RING or WITHIN the basket. PENALTY—If committed at opponents' basket, shall be declared a goal whether made or not."

Where Was The Ball?

Most fans believed the referee had erred because Evans hadn't touched the rim or the ball. However, the rule specifically mentions the basket and the cords are certainly a part of the basket.

Everyone admits Evans touched the cords. The point is did he touch the cords while the ball was on the rim? It definitely wasn't in the basket. If the ball was on the rim when he touched the cords the referee was perfectly justified in calling interference. But if the ball wasn't on the rim and wasn't within the cords, then there wasn't any interference and Lower Merion was the victim of a bad decision.

Some observers claim the ball

was in the air when Evans touched the cords. Others aren't sure just where the ball was at the time. A few insist it was a legitimate decision, that it couldn't have been overlooked under the circumstances. Thus, the arguments.

A goal on interference is very rare yet this is the third occasion this season we've seen it called. In an early doubleheader at Convention Hall, Temple gave Washington two points when the Owls' big Gorm Getchell tugged at the cords as he was fighting for a rebound. A few weeks ago, Bob Lloyd, lanky Brookline player caught his fingers in the net during a Main Line League game at Haverford High. While Lloyd was trying to free his fingers, a member of the opposing team pushed up a rebound. It didn't drop into the net but it was ruled a field goal just the same by Irv Keener, of Pottstown, who was the referee.

In both of these cases we seem to recall that the ball was hovering around the rim and in both cases the cords had been given quite a tug. They were clearly cases of interference as designated in the rules.

The incident at Allentown was tainted because of the doubt existing as to whether or not the ball was anywhere near the rim. And there is a difference of opinion as to whether Evans merely touched the cords or got his hand caught and tugged at them.

Anderson Isn't Bitter

Coach Bill Anderson wasn't too pleased with the officiating, but he wasn't bitter and he shrugged off the "gift goal" as one of those things.

"It certainly wasn't a nice way to lose a ball game," he said after the excitement had died down. "It was just unfortunate. We didn't get any of the breaks. But I don't feel too badly about it. Above all I wanted to make a good showing. I didn't want the game to cast any reflections on our league. After the way it turned out, Allentown couldn't have got much satisfaction out of the victory."

What did he think about the interference ruling?

"We didn't know what he was calling. Evans touched the cords all right but he certainly didn't interfere with the shot or have anything to do with it not dropping into the basket. As far as I can recall, the ball hadn't even reached the basket—the shot was taken fairly well out on the side—when Evans leaped up and hit the cords."

"Someone from the Allentown side—an usher I think—ran out on the floor and yelled to the ref that Evans had touched the basket. And that's when the referee called it without thinking twice. From where I sat I couldn't possibly see how he could have ruled interference. It was just one of those breaks and there wasn't anything we could do about it."

"There was no question about it costing us the game. It took the heart out of the boys. It put us three points behind instead of one. If interference hadn't been called there is no telling what might have happened," concluded Anderson.

Now The Boys Can Relax

While everyone hated to see the streak come to an end, it's the general belief that the defeat, especially under the unusual circumstances, will do Lower Merion a world of good.

The pressure from maintaining a streak is gone. The boys will be able to relax and play better ball. At the same time the defeat proved to their satisfaction that Allentown isn't any stronger than they are and that in a return game the outcome probably would be reversed with interest.

Allentown is one of the strongest teams in the East. It seldom if ever loses on its home court. That Lower Merion was able to make such a fine showing was evidence that the Main Liners even weakened as they are by the loss of Bill Koehler, will rate an even chance with the state's top quintets when the state P.I.A.A. tournament gets underway next month.

And that's what we've all been wanting to know.

Narberth Sets

(Continued from Page One)

the closing seconds to win one of the season's most exciting games.

This thriller followed a rough and tough battle in which Brookline nosed out Wayne, 37-32, to even this season's series with its old rival. The Brooks sewed this one up in the first five minutes when they gained a 10-0 lead.

With Johnny Herring leading the way with nine points, they boosted this advantage to 26-10 at one time in the first half, which ended 28-18. Wayne slowed up the champs with a zone defense in the closing periods but never seriously threatened to take the decision. Last Thursday the Brooks swept the series with Earlington, routing the Ardmore passers, 50 to 39.

Narberth was dropped to fourth place last Thursday when Clifton polished off the borough clan, 46-36, at Lower Merion but Narberth came back this Wednesday with a sparkling performance to crush Berwyn, 69-36, to gain its tie for third place.

In swamping the tailenders under 33 field goals, Narberth set a team scoring mark for the season. The attack was paced by Bob Crowell, Bill Stout and Shorty O'Donnell, who tallied 14, 12 and 10 points, respectively. The game marked the return of Ray Stanley in a Narberth uniform, the former Lower Merion High and Penn athlete having joined up for the duration.

Enrollment Drops For School Night

Enrollment for School Night Adult classes being held this semester at Lower Merion, has dropped approximately 50 percent.

When the semester started on February 9 it was only possible to offer 20 classes as compared to 42 classes last year.

Conditions resulting from the war are considered responsible for the enrollment decline.

Bids will be received by the Controller of Montgomery County, at his office in the Court House, Norristown, Pennsylvania, up to 9 A. M. Standard Time (10 A. M. Daylight Saving Time), Wednesday, February 25, 1942, for the furnishing and delivery of Montgomery County Maps, in accordance with certain specifications now on file in the office of the County Commissioners.

The Commissioners reserve the right to reject any or all bids.
Checks accompanying proposals must be handed to the Clerk of the County Commissioners one hour before the time for opening bids, which will be done at 10 A. M. Standard Time (11 A. M. Daylight Saving Time), Wednesday, February 25, 1942, in the office of the County Commissioners.

Merion Man to Head College Course in Aerial Bombardment

Leroy A. Brothers, 283 Bowman Ave., Merion, assistant professor of civil engineering at Drexel Institute of Technology, is one of forty instructors from strategically located colleges throughout the East, with strong departments of civil engineering, selected to attend the training conference in aerial bombardment protection to be held at New York University from February 16 to 24th. On his return Professor Brothers will head the new course in aerial bombardment protection to be given at Drexel Institute of Technology, according to an announcement by Professor William J. Stevens, chairman of the Drexel Faculty Council on Defense Training.

The Drexel course, given under the United States Office of Education, at the request of the Federal Office of Civilian Defense, will be open to engineers, architects, and other qualified persons of the Philadelphia area. Instruction will be given in the evenings.

Fallen Tree Causes Surprise "Blackout"

Street lights in Ardmore, north of Montgomery av., and in Gladwyne, were blown out Tuesday night when a tree crashed across some electric wiring, causing a short circuit.

The tree was located on the grounds of Dr. S. DeWitt Ludlum's Gladwyne Colony, Rose Glenn rd., near Mill Creek rd., Gladwyne.

The Lower Merion Shade Tree Commission sent out a crew to remove the tree, and the Philadelphia Electric Company replaced the light bulbs.

Settle Estate Of Wake Island Man

Letters of administration have been granted to Mary Pehling Graves, 446 Montgomery Avenue, Haverford, in the \$250 estate of her husband, George Allen Graves, who was killed December 2, at Wake Island.

This is the first estate matter of a current war casualty to be filed in the office of the Montgomery County Register of Wills.

ABOUT YOUR INCOME TAX

In the event of failure to make and file an income tax return as required by law within the prescribed time a certain percent of the amount of the tax is required to be added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to willful neglect.

The amount to be added to the tax is 5 percent if the failure is for more than thirty days, with an additional 5 percent for each additional thirty days or fraction thereof during which failure to file a return continues, not to exceed 25 percent in the aggregate.

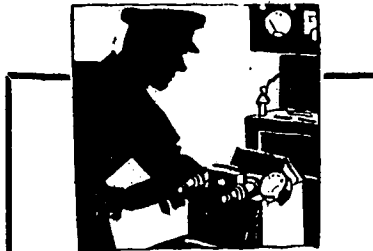

A taxpayer who files a tardy return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as a reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

Taxpayers should make every effort to file their returns within the time prescribed by law and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

Do not forget that single persons or married persons not living with husband or wife, who earn as much as \$1443 a week for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$2885 a week for the year, are required to file returns.
